

# The Gift That's Never Returned

## Not one return!

For starters, if you're on the receiving end, it's a gift that doesn't stop on December 26th. Every month a new wine offering is delivered to your doorstep. The wines themselves are often new discoveries we have made from around the world. Sometimes they are old favorites. We have been at this for many years and take great pride in sharing our experience and sourcing channels with club members. We deliver a gift that will reflect your good taste and our passion to make it memorable.

## How It Works:

- Two bottles delivered each month at case bottle price (10% off shelf price)
- Five bottle price levels:
  - 1- \$20.00 - \$30.00 Level

2- \$30.00 - \$40.00 Level

3- \$60.00 - \$70.00 Level

4- Red Wine Club

5- Custom Twist Level

- Club members get 10% off the shelf price of wines featured in a Wine Club offering. If you want a case of a Wine Club featured wine, we'll give you 15% off the shelf price.
- Wine Info; we'll tell you about the wine in each offering and why we thought it was a worthy inclusion and other pertinent facts.
- Monthly Delivery Charges: Mill Valley-\$2.05, Strawberry, Tiburon or Belvedere-\$2.35. We'll ship almost anywhere. Or, if you prefer, you can pick-up your wine at the store.

## Join The Club!

It's easy, just call Doug, Mike, Noah or Rich in the Wine & Spirits Department or drop by the store. We will quickly process your membership. Your monthly gift will arrive 30 days later. While you are at it, give yourself a membership. It also makes an excellent business gift.

## Happy Member:

Several years ago, one of our customers, Helen Anawalt, gave her husband Tom a Wine Club membership for Christmas. Tom said that he regarded his wine installments as little luxuries as well as monthly bonuses. This is exactly what we like to hear.
