Suggested CA Retail:	375ml \$185 750ml \$350
Distilled in:	Ukiah, CA
Distillers:	Miles & Marko Karakasevic

Distiller's Notes: "Launching the Brandy program in 1983 with a 1,000 gallon Puhlo Alambic was a long term commitment to distilling in California. I wanted our brandy to reflect my heritage of hand distilling. Little did I know that we would distill so many spirits in between but I was determined that the premiere would be how I envisioned it should be: full bodied and elegant. That my son apprenticed by my side and learned to distill whiskey, rum, pastis, flavored vodkas and more while the brandy aged... well, that's how my people carry on. For me, distilling isn't a business, it's a way of life." *Miles Karakasevic*

Robb Report: Best of the Best, Spirits 2011

"... an unbelievable brandy and well worth the accolades. Extremely limited in quantity, his artisan brandy is a velvet tapestry of cherry, chocolate, citrus, and marzipan, with a hint of walnut on the finish."

- Richard Carleton Hacker
