

THE MACPHAIL'S COLLECTION

FROM TAMDHU DISTILLERY 30 YEARS OLD 43%

The MacPhail's Collection is a small and exclusive range of fine single malt scotch whiskies from distilleries throughout Scotland.

Tamdhù Distillery was one of several to be built along the Strathspey railway line, which at one time played such an important part in the whisky industry. Originally built by a group of whisky blenders, ownership reverted to Highland Distillers a few years later. The old Knockando railway station was converted into an attractive visitors' centre and reception.

The distillery operates its own salad box maltings, which produces sufficient malt to supply both Tamdhù and other distilleries in the group.
